EU & UK & Korea	Cherry Fruitworm (CFW)	\$40

*Please note that while CFF traps are changed every other week, traps for CM/CFW/OBLR remain in the orchard for the entire season, and only the bottom liners are changed. When you buy one trap, it comes with all the necessary liners for the full season, hence the higher cost. In addition, significantly fewer traps are required to be placed in orchards for CM/CFW/OBLR.
