

B.C. Cherry Field Days – Managing Cherry Crop Loss

Please join us for a cherry field day to discuss horticultural management in the face of crop loss.

- Dr. Greg Lang (Michigan State University) will provide expert advice on managing cherry orchards with crop loss due to cold temperatures.
- Dr. Denise Nielsen will discuss the effects of climate change on the cherry crop (Summerland only).
- The BC Ministry of Agriculture and food will outline support programming for the season ahead.
- Lunch will be provided!

Summerland

Friday, April 26, 9am

Dickinson Family Farm, 17208 Bentley Rd

Creston

Saturday, April 27, 10am

Quiet Valley Farms (Don & Susan Low), 2809 Erickson Rd

Events funded through a Government of Canada and British Columbia partnership.
